

CAPABILITY STATEMENT

PROTECTING YOUR OPERATIONS AND REPUTATION

Pest control without compromise

TARGETED PEST MANAGEMENT SOLUTIONS

Pestpro delivers diversified, highly adaptive pest management solutions backed by deep industry knowledge. Operating across multiple market segments, we tailor our approach to meet the precise regulatory and operational needs of every client. We provide proactive, fully compliant, and discreet pest control designed to safeguard your business assets, protect your employees, and defend your brand reputation from disruption.

Our highly trained, fully qualified technicians are dedicated to maintaining asset integrity and ensuring your premises remain strictly pest-free. We engineer custom-fit pest management frameworks designed to effectively, efficiently, and discreetly mitigate risks and eliminate active infestations, including:

- Cockroaches
- Rodents
- Spiders
- Ants
- Bees
- Mosquitoes
- Timber pest inspection
- Termite barriers / treatment
- And more

CORE CAPABILITIES & BACKGROUND

- ✓ **Proudly Western Australian:** 100% WA owned and operated, offering localised expertise with a deep understanding of pest challenges.
- ✓ **Established & Stable:** Founded in 2016 and backed by a financially stable parent company, we have consistently defined and driven industry standards.
- ✓ **Proven Track Record:** Built on a foundation of sustained growth and reliability spanning almost two decades.
- ✓ **Versatile Market Reach:** Diversified across multiple sectors, allowing us to deliver knowledgeable and highly tailored services to meet specific client demands.

OUR PEST CONTROL SERVICES

Sector-Specific Expertise & Asset Protection. From corporate offices and high-risk food manufacturing facilities, aged care to heavy industrial sites, Pestpro delivers highly tailored, pest management programs. We recognise that every industry faces distinct regulatory and environmental challenges, which is why our solutions are engineered to protect your needs.

Operational Continuity

Proactive, discreet interventions that prevent disruptions to services and protect your staff and facility.

Regulatory Compliance

Documentation and treatment frameworks aligned with strict industry standards, ensuring your business remains audit-ready and compliant.

24/7 Urgent Pest Response: We're Already on the Way

When pests can't wait, neither can we. Our rapid response service gets a qualified technician to your door quickly, minimising disruption and resolving the problem fast.

Managed Services

Prevention is smarter than cure. Our fully managed programs include scheduled treatments, regular inspections and detailed reporting assisting you to keep your premises protected all year.

Weed Services

Persistent weeds are more than an eyesore. Our targeted weed control treatments keep your outdoor areas clean, safe, and aesthetically maintained.

INDUSTRIES WE SERVE

Elevated Commercial Pest Management. From compliance-critical, high-risk facilities to heavy industrial sites, PestPro delivers robust, tailored management frameworks. We combine industry-leading expertise with reliable, consistent execution to safeguard your operations, protect your reputation, and guarantee absolute regulatory compliance.

COMMITMENT TO QUALITY & SERVICE ASSURANCE

We know pests don't need a key to get inside. Our trained technicians will identify the source of the problem and recommend the most effective preventative measures to keep pests out. Our services are tailored to your property, with both year-round and seasonal programs available for ongoing protection.

HIGHLY TRAINED STAFF

Our people are our greatest asset. Pestpro invests heavily in continuous training and development to ensure our staff are highly skilled, safety-focused, and customer-driven.

We empower our teams to deliver consistent, professional results in every environment, whether it's for your home or business.

Industry Engagement

Active involvement in developing Industry Codes of Best Practice and Australian Standards committees.

Approach:

A knowledgeable, friendly, and understanding team passionate about providing pest control minimal disruption with effective results.

QUALITY ASSURANCE

- ✓ **Benchmarks:** Constantly striving to create and maintain industry standards.
- ✓ **Quality Control:** Regular quality control audits to ensure high level standards.
- ✓ **Safety Audits:** Occupational Health and Safety (OHS) audits are conducted to ensure safety for staff, the public, and property.
- ✓ **Insurance:** Structured to minimize client liability and safeguard high-value commercial assets.

COMPLIANCE

Pestpro services are designed to comply with:

- ✓ The Australian Quarantine and Inspection Service (AQIS)
- ✓ Australian Standards
- ✓ Code of Practices
- ✓ Food Safety Regulations
- ✓ Government Legislation
- ✓ Hazard Analysis Critical Control Points (HACCP) Requirements
- ✓ The Occupational Health and Safety (OHS) Regulations

OUR SERVICES & GUARANTEES

Protecting You at Every Stage. Your Pestpro specialist combines advanced training and technology to identify conditions that invite pests, resolve current infestations, and break the life cycle to prevent them returning.

- ✓ **Peace of Mind:** Making customers feel safe, knowing pests are under control without the worry of asset losses.
- ✓ **Innovation:** We engineer bespoke pest management frameworks tailored strictly to the unique size, operational scope, and stringent regulatory compliance standards of your specific industry.
- ✓ **Warranties:** Offers varying levels of warranty and free service periods at no additional charge, accompanied by annual service reminders.

From your initial treatment through to a tailored full-service plan and annual review, we are with you at every stage to keep your home or business consistently protected.
